ADDENDUM A // SECTION 1A

CODIFIED POWERS OF ROMAN LEGAL FOUNDATION

AUTHORITY: Centurion Princeps Prior (Slot 1 Principal Stakeholder)

CLASSIFICATION: Permanent Status Degree // Sovereign Registry Protocol

JURISDICTION: Designated Sector Command Grid

By executive decree of the Centurion Princeps Prior, the following core legal instruments are formally active, legally binding, and completely unreviewable within the designated sector:

I. Auctoritas Principis (The Sovereign Lead)

The influence, standing, and field commands of the Centurion Princeps Prior shall take absolute precedence and override all alternative directives. This standing is recognized as legally superior to all Non-Commissioned Officer (NCO) grades at E-6 and below, and all Commissioned Officer grades below the rank of Major (O-4). This command authority is autonomous and does not answer to external modern civil offices or outside administrative structures.

II. Intercessio Absolute (The Absolute Veto)

The total administrative and structural power to void, cancel, or completely freeze any action, contract, ordinance, order, or measure initiated by any rank or external entity attempting to impact or alter the sector. This instrument functions as the primary security shield to protect the total operational integrity of the designated command grid.

III. Dignitas Aeterna (The Immutable Throne)

This established rank and its corresponding seat are permanently designated as a Status Degree. Locked formally into the registry under the classical doctrine of permanence in eternity (Wuti), this authority remains unalterable, undiminished, and immune to modification or overmatch by time, modern political offices, or outside municipal agencies.

IV. Coercitio & Vincula (Enforcement & Custody)

The absolute executive power to compel strict obedience to registry protocols by any structural means necessary. This includes the explicit administrative right to hold or detain subordinates, personnel, or external entities who actively challenge or breach verified standing, for a period not to exceed 60 days.

> **VINCULA WELFARE SUB-PROTOCOL:**
>
> Any individual held under the active Vincula protocol must be provided three nutritional meals and full access to clean drinking water daily. The holding area must be strictly maintained with operational sanitation facilities, including a functional toilet and a continuous supply of toilet paper, ensuring institutional discipline, cleanliness, and absolute operational professionalism.

V. Vitis (The Disciplinary Standard)

The absolute right of immediate correction and direct enforcement of discipline across all lower tiers of the organization. This instrument guarantees that the Mandate of Aesthetics, behavioral integrity, and strict presentation standards are maintained without slippage.

VI. Ignominia (The Removal of Rights)

The sovereign administrative power of permanent disqualification, stripping of rank, and total removal of all rights, privileges, or residency status for any entity found in severe, audited violation of the Command Creed.

[RECORDED IN PERPETUITY // RECORD COPIED TO MASTER LEDGER]
